Project Overview

Project area
5.820 M²

The project has been built by a well-known company in Turkey.

The project built on a land area of 5.820 square meters.

The project provided with the smart home system for luxury hotels.

The project consists of a single block of 31 floors, that contained 330 housing units.

The project offers apartment options starting from 1+1 to 5+1.

80% of the project is dedicated to green areas.

The project located in the business center of the Anatolian side, which makes it a perfect choice for housing and investment.

The delivery date of the project is November 2020.

Project Site

The project located in Goztepe, the center of the Anatolian side of Istanbul.

The project located just next to the E5 and TEM highways, Metro station, shopping centers, education institutions, which add value to your life.
