Project

Overview

20.000 m²

A unique residential project that combines urban energy with tranquil forests for those who desire a balanced life.

This project will be built in 3 phases on an area of approximately 20,000 square meters. The first phase, which will consist of two buildings and 110 housing units, will be located on an area of 5,000 square meters, and 75% of this area has been allocated for green spaces and facilities.

Project

Overview

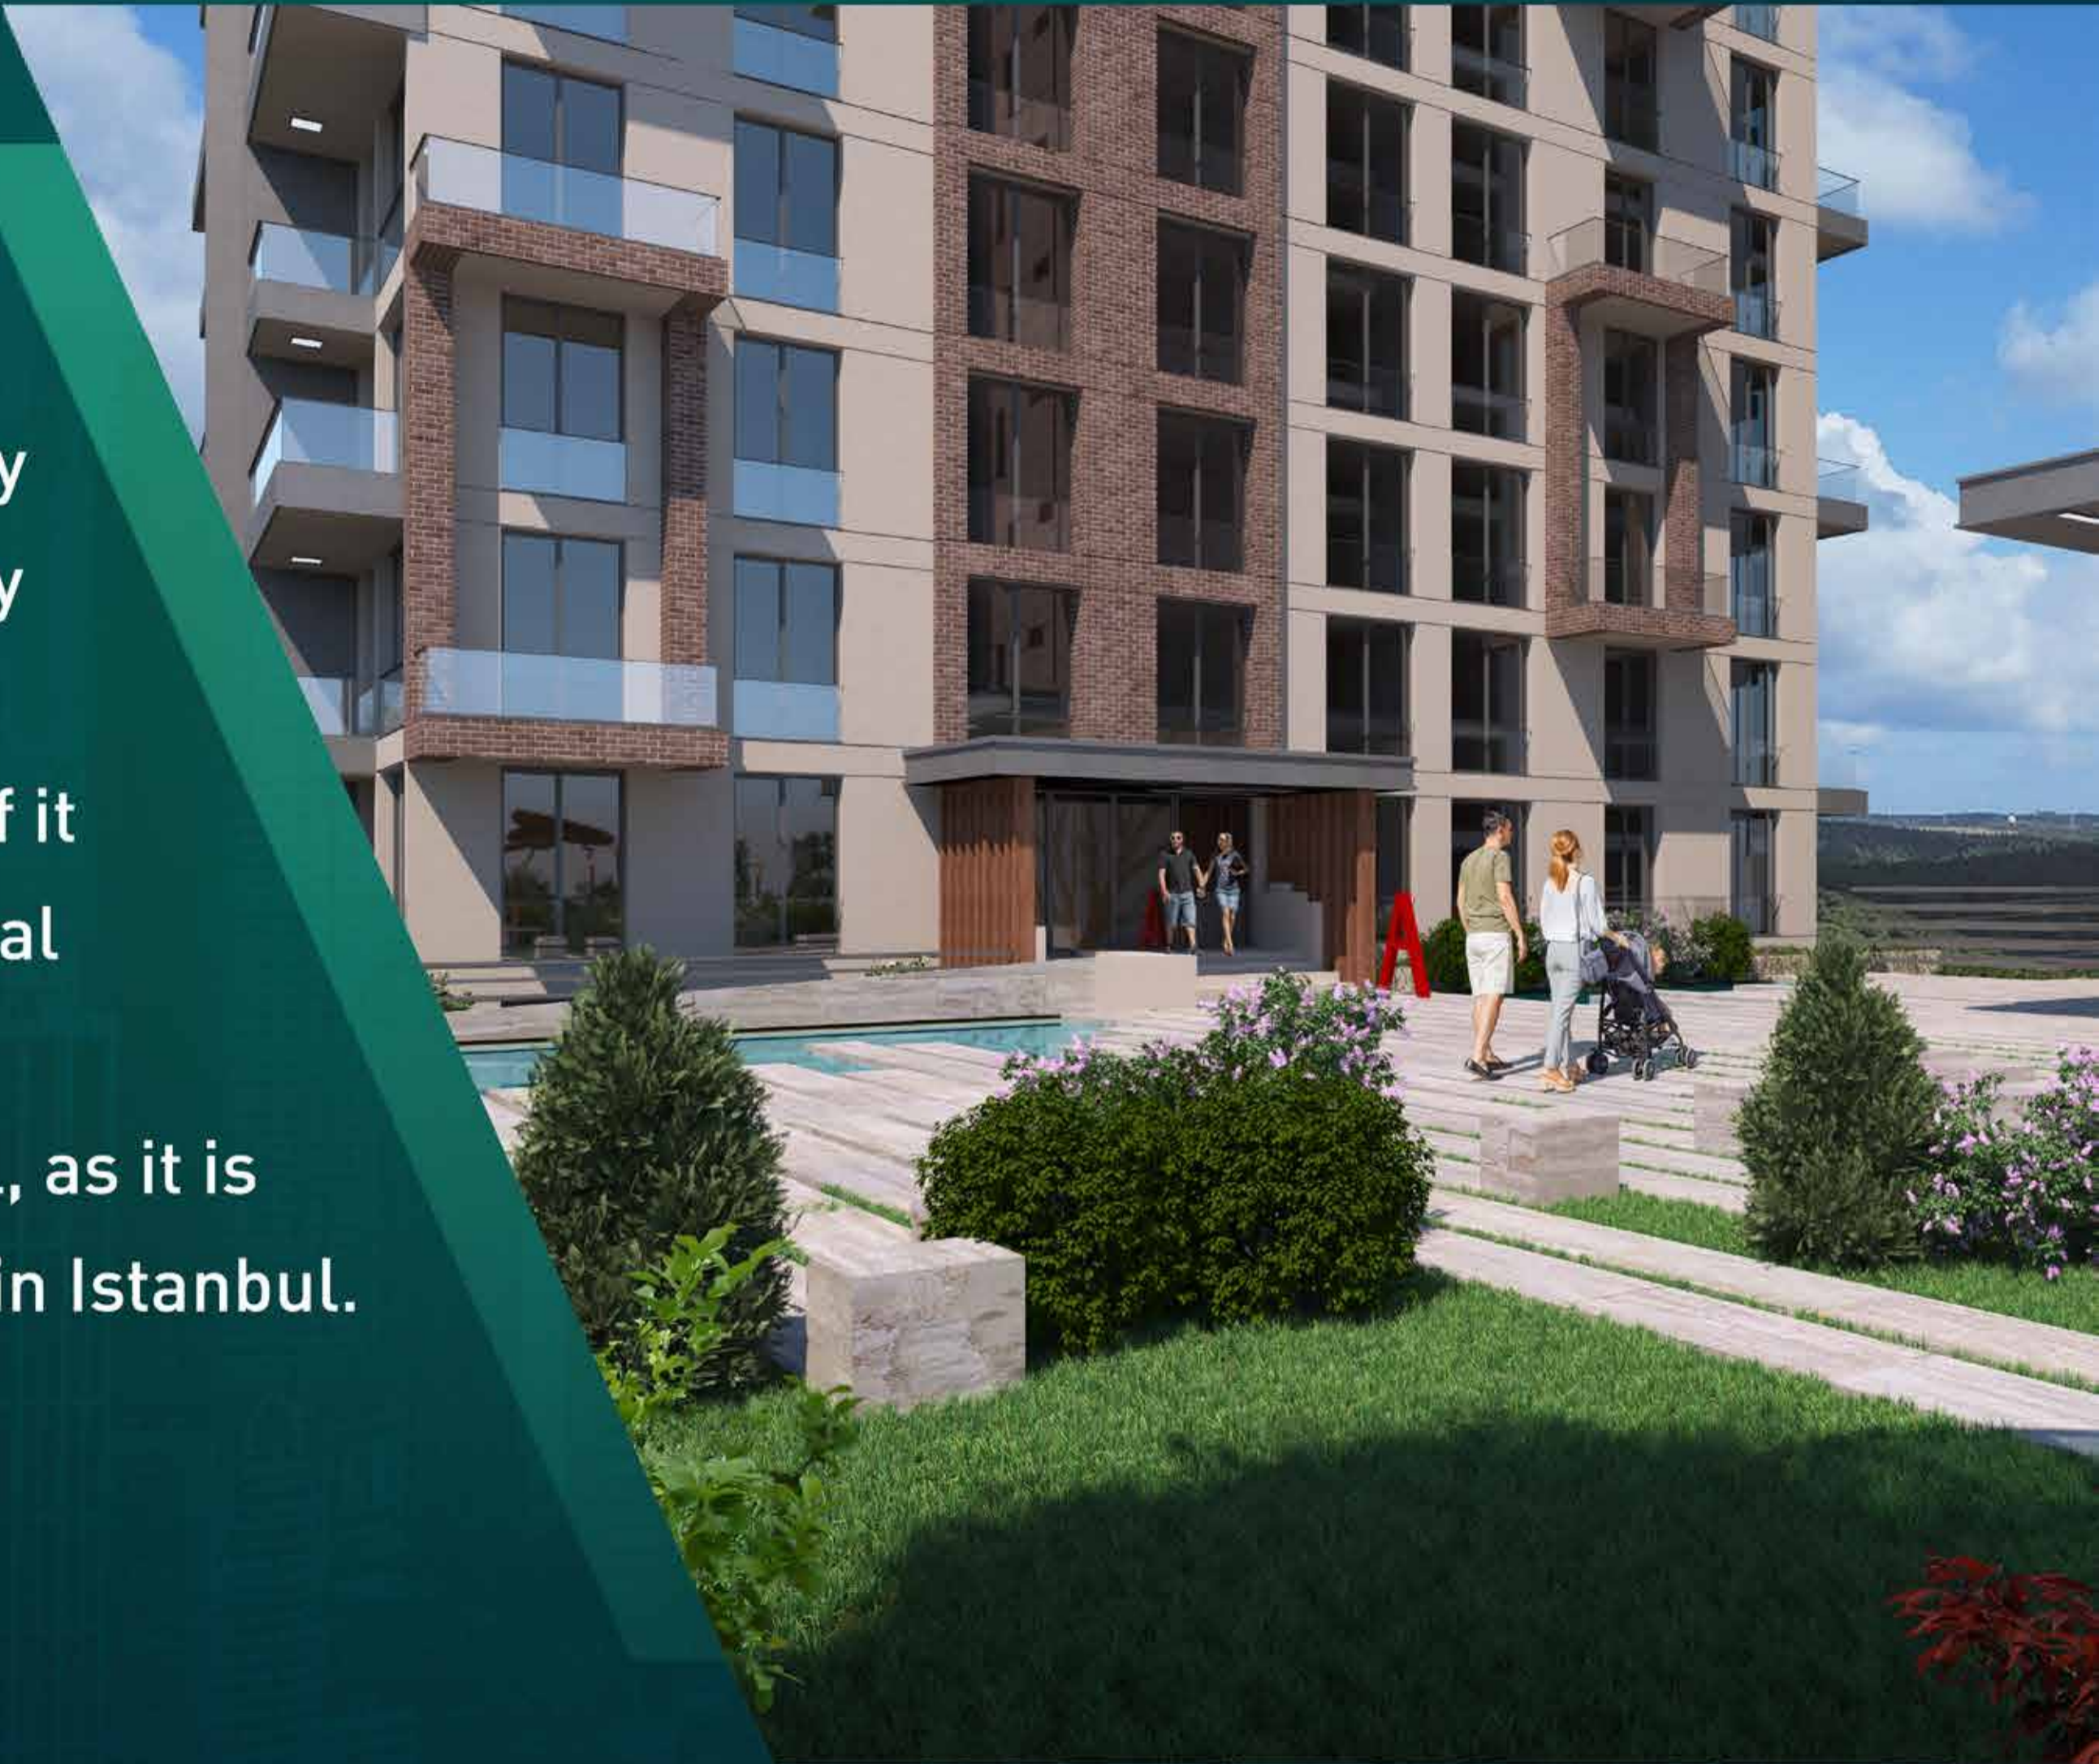

The project also adds value to Kagithane, the rising star of the city. It is located next to all the points that catch the pulse of the city. Each apartment is designed according to high quality standards, as it offers different types of apartments, starting from 1 + 2 to 1 + 4.

Project Site

The project is located in Maslak district of Kagithane municipality in European Istanbul. It is a lively and upscale area that achieves a luxurious life, and a large part of it is considered the first commercial center in the city.

Also, this location is very special, as it is near the largest nature reserve in Istanbul.

Project Site

Kagithane is one of the most important areas that attract real estate investors because of its central location in the heart of Istanbul. Kagithane is characterized by the availability of main services and the availability of public transportation.
