Project Overview

This project is welcoming you to your new life, which was built in the center of Kartal, in greenery, brings you together with the newest version of the peaceful life you miss.

Welcome to the privilege of living a holiday-like life in the center of the city, surrounded by trees, against the view of the islands, with the quality and assurance of a well-known construction company in Turkey.

Project Overview

The project consists of 10 blocks in total, opens the doors of a spacious and privileged life, with apartments ranging from 1+1 to 4+1 according to your needs, most of which have views of the islands, its advantageous location, and social facilities that will make your life easier.

It is Kartal's most prestigious life project, came to life again thanks to urban transformation, promises you a green life with its five large parks right next to it.

The project located on the minibus street, which is the easiest and most central point of Kartal, is in a position that will make your life easier with the stops in front of the site as well as the metro station within walking distance.

Project

Overview

With the sauna and steam room, you will be able to get rid of the stress of the day, enjoy the struggle in the basketball court, and experience the happiness of wandering in the lush parks at the weekend without leaving home.

With open-air playgrounds, your children; will have the chance to have fun freely in nature in lush parks.

If you love both the sea and nature and want to live in the center of the city, you will love this project.

Project Site

The project located in Kartal on the Asian side of Istanbul.

The project located in Kartal, one of the most valuable settlement and trade centers of Istanbul with its dazzling location overlooking the islands.

The project's distinctive location near highways, metro and public transportation, which has earned it a high value and great importance in the area.

You will be able to get anywhere you want to go between cities or within the city easily with unlimited transportation alternatives available at your doorstep.

The project is distinguished by its location on the minibus route in the middle of the E5 motorway and the coastal road.

Project Site

In this project, you will be in an area where transportation alternatives such as Marmaray, high-speed train line and metro intersect and you will get rid of the transportation problem.

Your dream home is waiting for you within walking distance to important places like schools, hospitals, banks and pharmacies, you will not waste time to reach public transportation and you will feel the comfort of life at every moment.
