Project

Overview

This project offers you a green life in the city with its nature-friendly concept.

The project combines a quiet life with modern designs, and offers a new concept of social life with 242 apartments with different types and plans of apartments, ranging from 1+1 to 5+1, which are meticulously designed.

Enjoy a pleasant life with your loved ones in a spacious courtyard.

Project

Overview

The project is waiting for you with its social facilities where you can communicate with pleasure and spend unforgettable moments with your family and friends.

The project provides a safe living space for your family with its social areas, where a quiet life awaits you in your new home.

Thanks to its privileged location, this project invites you to experience the city life in the forest, while preserving the identity of the safe nature of Göktürk area.

Every window in your house will open to a wonderful green space, a courtyard with pleasant social areas, architecture integrated with the forest, swimming pool, and other features of this project.

Project

Overview

Enjoy a healthy life with outdoor sports that you will practice in Göktürk Forest, which is located within walking distance of your home, which is located next to the forest.

The project is built on a land of 10.535 square meters in Göktürk area.

A comfortable life awaits you in functional and well-equipped apartments adapted to your needs and life.

Large apartments, sunny interiors and living spaces with every detail considered make a difference to your life.

The project is ready to meet all your expectations with its luxurious apartments of different designs.

More precisely, the project is located in Göktürk which is one of the best areas in Istanbul that has a high level of income for local families in the city.

Project

Overview

Also, the fastest developing area with the short distance from the new airport and the city center offers a high standard of living.

You will have the privilege of living in the heart of nature, without losing touch with city life, everything you need in everyday life, from shopping to cinema and theater to concerts, from the most elegant cafes to grocery stores and restaurants; Everything you are looking for is within walking distance of the project.

You will be able to access every part of the city from the front of your house.

Project Site

The project is located in Eyup area, on the European side of Istanbul.

The strategic location of the project in the heart of Istanbul, where you can reach the most important and famous areas such as Taksim, Sultanahmet, Sultan Eyup, Maslak, Besiktas and the Second Bosphorus Bridge in just 10-15 minutes.

The project is located a few steps away from the best schools, health centers, social facilities and transportation in the area.
