Project

Overview

The project has been built by a construction company with more than 30 years experience in real estate sector. It completed more than 41 projects. It is offering a lively and full life, with 1+1, 2+1, 3+1 apartments and roof duplexes, shops and fitness facilities. Totally full of life!

Project Overview

These residences reflect the cosmopolitan spirit of Istanbul with all its architectural details, from compact flat options to special floor plans.

It offers unique privileges with its special location and life experience. All these features make the project even more attractive for investors. A dynamic investment opportunity is waiting for you.

Project Site

The project located in Kagithane area, the closest area to the center of European Istanbul.

With the ease of access to shopping malls, and Kagithane station of M7 metro line, the project gains an indispensable position for both tourists and Istanbul citizens, at the very center of the near future.

Project Site

Kagithane is one of the most important areas that attract real estate investors due to its central location in the heart of Istanbul. Kagithane is characterized by the availability of main services and the availability of public transportation.
