Project Overview

Project area
65.000 M²

The project built on a 65.000 square meters with a private entrance, and it contains a full sea view villas with twin or detached villas ranging in size from 453 to 585 square meters.

The project taking advantage of its 1.5 km coast within the 55 km coastline stretching from Silivri to Tuzla is being materialized on a 1.500 declare land as the first ever coast town of Istanbul.

Project

Overview

The project that has already made its name heard in the real estate sector thanks to its unrivaled concept offers a full city life owing to housing areas with a sea view on a seafront 1.500 decare land, the school (nursery, primary school and high school), avenue stores, a hospital with 250 beds, a 5-star hotel, a Mall with 180 shops and cafes and restaurants overlooking the sea.

With its own horizontal architectural design, West Istanbul Marina with the capacity of 900 yacht, beach, 1.5 km coastline, sports club, private school, hospital, seaside cafes & restaurants and shopping mall, the project offers utterly a town concept.

Project

Overview

Marina Villas, where comfort and luxury is combined with functionality, brings a new dimension to the villa concept. These very special villas, which are defined as 'ideal villa' and consist of 5 different types, as twins and detached villas, are located just above West Istanbul Marina with its fascinating sea view in one of the most beautiful places of the project.

A life beyond your dreams is waiting for you in Marina Villas with its spacious interior space with columns in the height of duplex, elevator, large kitchen, multipurpose rooms, closed garage, living space for the servant independent from villa, and special architectural solutions designed for your comfort that you will never find anywhere.

Project Overview
