Project

Overview

You will not only have a home, but a brand-new lifestyle.

Unlike the structuring in the area, this project opens the doors of a high quality, comfortable and safe life with wide social opportunities for you.

A Luxury Life Full of Privileges is waiting for you in these residences.

The house you live in is your mirror. Everything you want to see there is now in your hands.

Project

Overview

It is a life center, it adds value to Kagithane with its modern facilities, each square meter of which is full of life energy, integrating social life with the comfort of your home.

A life that will be remembered with its quality and functional architecture, elegant, wide, spacious, pleasant and respectable.

Become the architect of unforgettable memories in private spaces designed for your happiness.

Don't be left behind in a comfortable, peaceful and fully secure environment in these residences.

Relieve your stress with different social options. The project offers you a fitness room as well as sauna and relaxation areas.

Project

Overview

Be the owner of the best place to live with your family and friends.

Lifestyle valued every day! This residence, which has a modern architectural design, offers high ceilings, spacious rooms that invite daylight into your home.

It transforms the comfort of your home into happiness with its windows and functional interior designs.

In this project, you are full of social life. The project will immerse you in life with its cafes and restaurants appealing to men and women, where the traditional meets the modern.

Those who want to make every moment unforgettable with their loved ones and valued ones, a new life begins, where you will experience your hobbies and life habits to the fullest.

Project

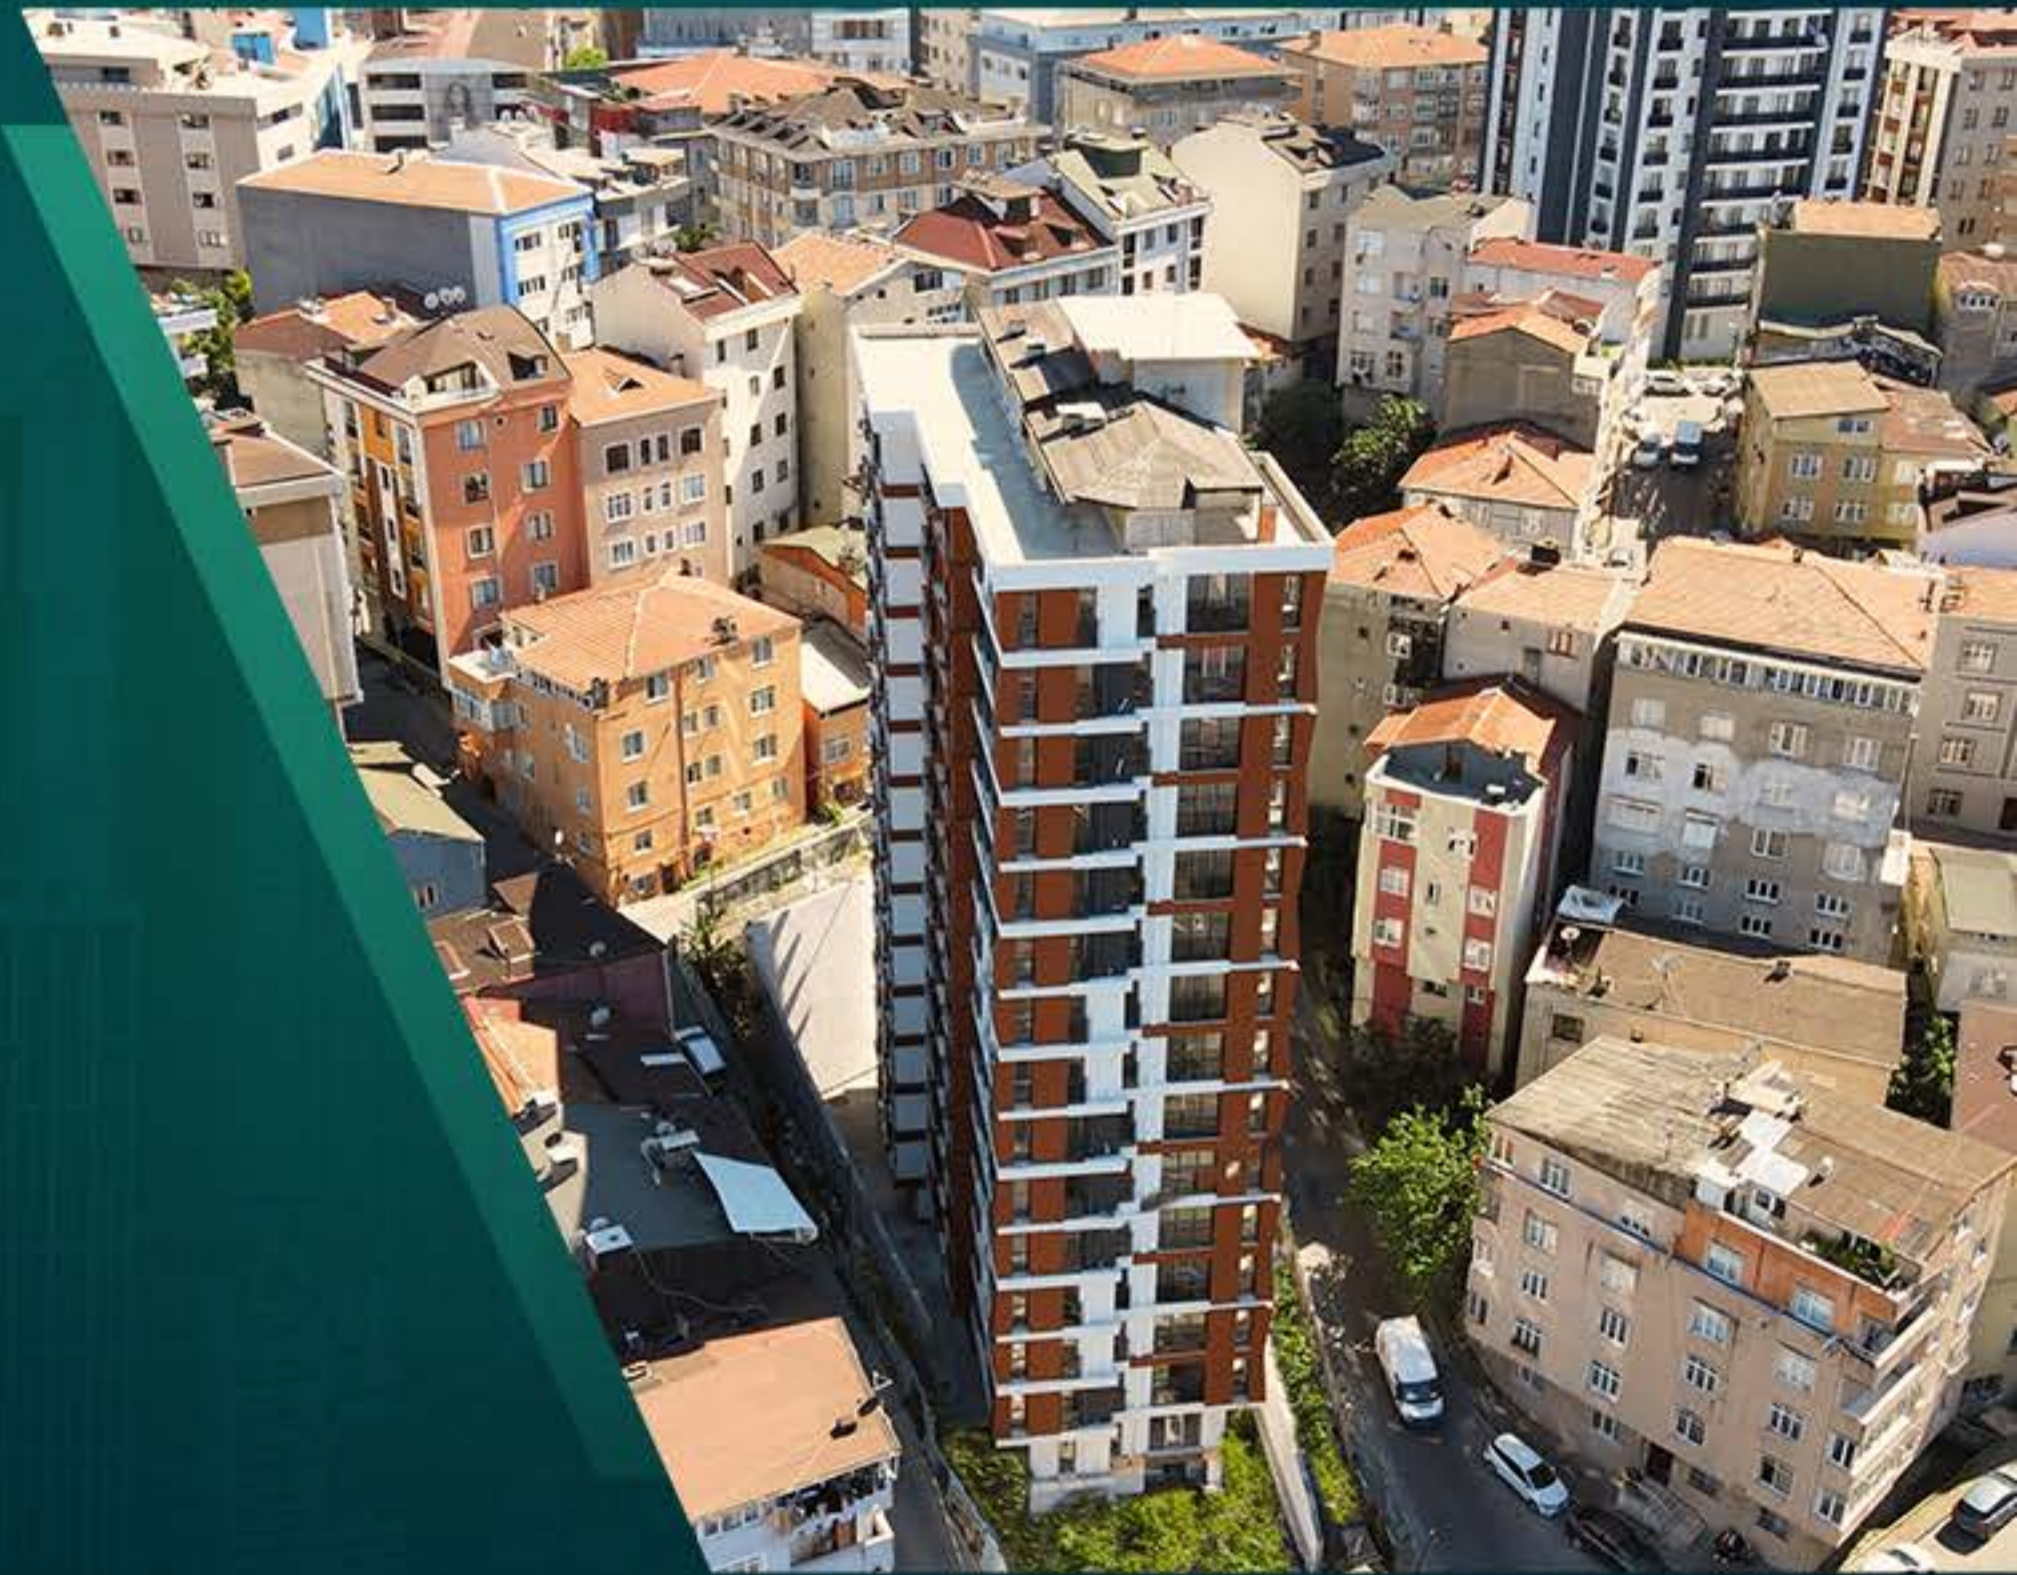

Overview

Close your eyes and relax. We have prepared everything. Catch the peace in the coolness of the deep blue pool.

It is your right to want everything and everyone you love to be safe in life.

Everything has been considered for the safety and peace of your family in this project. With 24/7 private security and camera systems, all elements that may threaten your security and peace will be away from you.

Your car will be safe with the multi-storey indoor parking lot.

Project site

The project located on the European side of Istanbul, in Kagithane area, the new destination for investors.

Kagithane is one of the most important areas that attract real estate investors due to its central location in the heart of Istanbul.

Kagithane is characterized by the availability of main services and the availability of public transportation.

The project is characterized by its proximity to universities and educational institutions. A lot of international schools, universities and hospitals around the project.

The tramway (T7) is just 10 minutes away from the project, and the bus station located just in front of it.
