Project Overview

Project area
128.000 M²

The total project area is 128.000 square meters.

The project consists of 4 stages with heights ranging from 4 to 9 floors of buildings.

Comfortable apartments system with different styles starting from 1+1 to 3+1.

Project Overview

The green space occupies more than 50% of the project area, and includes (water bodies, places designated for children, sports fields) in addition to (a family health center, a nursery for children, a library, and parking lots). The project also includes many shops.

Project Site

The project is located in the residential area of Eyup, which is one of the most important central areas in Istanbul.

The project overlooks one of the largest family parks (ISFANBU) the former Vialand, which includes a huge shopping mall, a huge amusement park and a family park, in addition to its proximity to many commercial centers (Cevahir Mall, Venice Mall).

The project is surrounded by many hospitals (Eyup Sultan State Hospital), public and private schools and universities (Halic University, Istanbul Informatics University).

Project Site

It is 2 km from the Golden Horn Bay, which is one of the tourist places that tourists flock to because of the stunning views and views of the area, in addition to the presence of many restaurants and cafes overlooking the Gulf. It is also close to the famous (MINA Turk) Museum.

The project is characterized by its proximity to the most important central areas (Sisli, Maslak, Taksim).
