## Project Overview

Project area

980 <sup>M<sup>2</sup></sup>

Residential and investment project built on land area of 980 square meters.

The project consists of a single building of 13 floors comprising 92 housing units varying between 1+1, 2+1 and 3+1, in addition to 2 shops.

The areas of the apartments within the project range from 51-160 square meters.

## Project

# Overview

The project also attracts attention with its social facilities, as it includes children's playgrounds, meeting room, sauna, fitness center, tennis court, and others.

Residents of this project will be greeted by reception staff, and will be able to benefit from 24/7 security and guard services.

The project is suitable for family housing, as many public and private schools and universities are distributed around the project.

The charming Bosphorus and most beautiful in the world is about 6.5 km from the project.

The investment importance of the project lies in the fact that it is located near the center of Istanbul, close to shopping centers and tourist attractions.

The project was distinguished by the high quality of finishes and materials used in construction, in addition to the multiplicity of housing styles, which provides buyers with a wide choice.

## Project Site

The project is located in Kagithane district on the European side of Istanbul, close to the city center and vital areas.

The privileged location of the project as it is 5 minutes from the M2 metro, the Kabataş-Mahmutbey metro that is under construction, and the metrobus stations, and is also adjacent to Çağlayan Istanbul Palace of Justice and Florence Nightingale Hospital.

The project is located near the main E5 highway that connects the Asian side of Istanbul with the European side.

Thanks to the project's strategic location, you can reach all parts of the city easily and in the shortest time.

## Project

# Site

Kagithane district is characterized by the infrastructure projects that develop the area, and all the services needed by the residents are available, and real estate projects and residential complexes are widespread.
