Project

Overview

An excellent hotel, commercial and residential investment project under construction in the Sefaköy district on the European side of Istanbul.

Project

Overview

The total area of the project is estimated at 7000 square meters, and it consists of two residential buildings, with a total number of 96 apartments, with a height of 4 floors for each building.

Very elegant interior and exterior finishes and a unique interior design with the importance of space utilization, so this project is one of the distinctive projects in Istanbul and contains 96 apartments,

Project Site

It is located in the most important vital centers in the Sefakoy district of Kucukcekmece municipality

This project is characterized by its excellent strategic location close to the E-5 highway, which is the pulse of the city, making it easily accessible.

Project

Site

It is also located in front of a main and lively street in Sefakoy Center and surrounded by many shops, banks and public parks. The project is located near schools, universities, hospitals, and government centers in Sefakoy, and it is minutes away from Kucukcekmece, which will be the entrance to the new Istanbul Canal.
