Project

Overview

The distinguishing feature of this project is that it is the only and exceptional project located directly on the shore of Istanbul Sea with a coastline of 1.200 meters in length.

This unique feature enables you to enjoy walking, running, and cycling, in addition to the many marine activities that you can do on the project's pier. You can also share the luxurious marine life with your loved ones.

Project Overview

The project consists of 4 buildings, each building consists of 3 basements, a ground floor, and 20 floors.

The project includes 631 housing units with terraces, ready for immediate delivery and housing. Types of housing units in the project 1+1, 1.5+1, 2+1, 2.5+1, 3+1, 3.5+1, 4+1, 4.5+1.

The areas of the apartments in the project range from 89 sqm up to 399 sqm.

All the living spaces in the project are like a private art painting, thanks to its distinctive architecture, which allows more than 80% of the housing units to have a direct view of the sea, and thus the distinctive designs combine with the unique view, which gave the project privacy and distinction.

Project

Overview

All apartments in the project are designed to give you a marine scene through spacious and continuous terraces with wooden floors decorated with green gardens to decorate the most beautiful moments of your life with a unique sea scene.

Within the project is a five-star luxury hotel with an innovative architectural design, which has been awarded with service quality awards, and will start providing its services to you in 2021.

We put the privileged life as our most important goal, and we give details of great importance, so we have equipped your home with the finest international luxury brands to suit all your expectations.

With a unique architectural design that obscures the project's buildings, waves and sounds of the city, to enjoy a natural and calm marine life at a real zero distance from the sea, far from everything that affects the quality of your life, and enjoy a calm and happy life with the sound of sea waves and seagulls, waiting for you.

Project

Overview

Fresh air and a healthy life await you in this project. According to the air quality standards, according to the national index, the "good" air ranges from 0 to 50 degrees, and according to the tests in this project, the air quality was measured at three different points of the project and the result of the tests was 33.10 micrograms per cubic meter.

Own the new address for luxury, and enjoy natural scenes similar to palace gardens on an area of 33.000 square meters containing Baroque gardens inspired by the designs of the Ottoman and French gardens, to cross them through the green corridors, which connect you to the island that embraces the biological lake, where you can enjoy, relax and spend the most beautiful moments.

In this project, you will be safe from the traffic congestion in Istanbul, through the marine taxi service that we provided for you, which is waiting for you on the project's marine platform, where you can reach anywhere in Istanbul with ease and pleasure.

In this project, the sun will illuminate your life, giving it happiness, warmth, and health, with a radiance every morning, so that you can enjoy the magic of sunsets every evening.

Project Site

The project is located in Bakirkoy district on the European side of Istanbul, with a direct and charming view of the Marmara Sea.

The project is located in Atakoy area which ranked 14th with a degree of A+ out of 1.202 areas in Turkey, on the social and economic levels.

What distinguishes the project is not only its location near the most important places in Istanbul, but also near the huge Mega Marina project, in addition to its distance of only 10 km from Istanbul Canal, which is in particular the most important and largest project in Istanbul.

The project's distinctive location is close to many huge commercial shopping centers that include the most famous and finest international brands.

The project location is close to highways and metro stations, and it is only 15 minutes away from the city center.
