Project Overview

Project area

155.000^{M²}

A residential and commercial project built on a land area of 24.000 square meters, with a total area of 155.000 square meters.

The project consists of 3 blocks of 24 floors, comprising 785 residential units and 26 commercial units. The housing options within the project vary between 1+1 to 4+1.

Project

Overview

The project, with its unique architecture, façade designs and vital location, adds an investment value to Kadikoy area.

Smart home technology was used in the apartments, and the panoramic glass façade was used by 90 percent, in addition to the central air conditioning system.

The project contains 75% green areas and gardens in total, and is considered one of the first projects within the area that contains this size of green areas.

The most distinctive feature of the project is the beautiful view of the Bosphorus and Marmara Sea from the 10th floor.

Project Site

The project is located in the heart of the Asian side of Istanbul within Kadikoy area, in Fikirtapa district, in the middle of entertainment, culture, shopping, investment and life centers.

The project location is distinguished by its proximity to the E5 highway, as it is located at a two-minute walk from the Metrobus station, metro station and Akasya Mall, which is located right in front of the project, 9 minutes from the Eurasia tunnel, 9 minutes from the port and the beach, 25 minutes from Sabiha International Airport, and 8 Minutes from the first Bosphorus Bridge.
