Project Overview

Project Area
62.000 M²

The project was built on a land area of 62,000 square meters, and it consists of 64 villas, with a private marina and a beach.

This project provides a healthy and ideal life for you and your family, with gardens, green areas, fresh air and safe walking trails.

The project consists of 64 luxury villas with classic style, ready for housing, built on areas ranging from 353 square meters to 815 square meters.

Project Site

The project located on the European side of Istanbul, in Beylikduzu district, which is known as one of the most promising areas with a high investment return due to the availability of public transport, shopping malls, educational and health services, and its overlooking Marmara Sea directly.

The project is close to the sea, it is only a few steps then you can sit in front of the beach and enjoy the sound of waves.
