Project

Overview

It is one of the newest and most beautiful residential investment projects designed according to the modern architectural style. The project is located in the center of Istanbul, in the Levent 5 district of the historical Sultan Eyup municipality on the European side. The project consists of a 13-storey residential tower containing 107 apartments and 7 shops.

Project

Overview

8 apartments on each floor, 3 elevators
(2 elevators for residents+ freight elevator).
The project was built on a land area of
3.700 square meters, 2.100 square meters
of which is green areas and gardens.
Available flat types 2+1, 3+1, and 3.5+1.
All apartment types have open balconies
and at least two bathrooms.
Underfloor heating system will be used
in the flats.

Project Site

The project is located in the residential area of **Eyup**, which is one of the most important central areas in Istanbul.

It is near to one of the largest family parks (ISFANBU) the former **Vialand**, which includes a huge shopping mall, a huge amusement park and a family park, in addition to its proximity to many commercial centers (Cevahir Mall, Venice Mall).

Project Site

The project is surrounded by many hospitals (Eyup Sultan State Hospital), public and private schools and universities (Halic University, Istanbul Informatics University).
