Project Overview

Project area
728.144 M²

A commercial investment project under construction located in Basaksehir/Kayasehir district, it was built by Emlak Konut Company with the guarantee of the Turkish government.

The construction area of the project is 728.144 square meters, and the project consists of 9 buildings with 3 floors, 7 of which are dedicated to offices and shops, 1 is a hotel building and 1 is a conference center.

The number of units in the project is 373 commercial units and offices, the total number of shops is 50 shops, and the total number of offices is 139 offices.

Project Site

The project is located in Basaksehir district on the European side of Istanbul.

The project is surrounded by many important commercial malls such as Mall of Istanbul. The project is also located not far from the new Istanbul Canal project.

The project is located near several private and public schools.

The distinctive location of the project in the most attractive areas for foreigners to buy a property, due to the integrated services for residents and the high investment returns for investors.
