Project Overview

Project area
3.600 M²

A residential and investment project located in Kagithane district on the European side of Istanbul, the ideal destination for investment.

The project was built on a land area of 3.600 square meters, and the project consists of 3 residential buildings with a height of 7 floors for each building, with a total of 76 apartments.

Project

Overview

The project contains 1+2 and 1+3 apartments with areas starting from 113 square meters up to 177 square meters.

The project is still under construction, and the project will be delivered in March 2023.

The location of the project near TEM highway on a high hill, gives all apartments in the project a panoramic view of Belgrade Forest and National Park.

The project is located within a quiet family residential neighborhood near the city center.

Project Site

The project is located on the European side of Istanbul in the central Kagithane district in the center of Istanbul.

The project is characterized by its proximity to universities and educational institutions such as (Atlas University, Istanbul Technical University,

Beykent University and Nisantasi University) in addition to its proximity to shopping centers such as (Vadi Istanbul Mall, Skyland, Axis Mall, Istinye Park, Cevahir Mall, Kanyon Mall and Zorlu Center).

The distinctive location of the project is close to transportation lines and public transportation, as it is only 1.5 km from Serantepe metro station.

One of the most important points is that our project is close to Cendere Street which connects the TEM and E5 highways and extends to the Golden Horn.
