Project

## Overview

land area

9.000<sup>M<sup>2</sup></sup>

The best project for investment in the city center, in the famous Topkapi area.

Topkapi apartments for Investment in Istanbul close to Fatih area at affordable prices.

It is a housing and investment project built by a well-known construction company in Turkey.

The project built on a land area of 9.000 Sqm, and it consists of 3 blocks that contain 228 houses.

The project offers apartment options of 1+1 and 2+1 with areas ranging from 59 to 137 square meters.

## Project

# Overview

16.000 Sqm green areas within the project will make you feel comfortable and surrounded by nature while living in the center of Istanbul.

The project includes residences in addition to 14 shops. All apartments in the project equipped with smart home system.

The best investment is waiting for you in this project where you can use your apartment as a home office. High-quality materials are used in the building of the project.

Anti-bacteria materials used in the social facilities such as swimming pools, sauna, gym, elevator and other common areas to make it safer for residents.

New apartment under construction in Topkapi, suitable for a promising investment.

Delivery of the project are planned to be made in December 2022.

## Project Site

The project located on the European side of Istanbul, in the Topkapi area.

This project is one of the closest areas to the E5 highway in the Topkapi district.

Topkapi is one of the most desired area in Istanbul, that it is the closest area to Fatih and the center of Istanbul. Topkapi is considered as one of the historical and oldest parts of the city.

The project is close to hospitals and universities, and it is located at the intersection point of tram and Metrobus lines.

The project located just 350 meters to the E5 highway, metrobus station and metro station, the perfect loation for investment in the center of Istanbul.

The project surrounded by universities and shopping malls and other essential facilites.
