Project Overview

Project area
2.503 m²

It is one of the most beautiful projects overlooking the Princess Islands.

The project built and constructed on a land area of 6503 square meters, by a well-known construction company in Turkey.

The project consists of 2 blocks of 32 floors, that contain 246 residences, with an area ranging between 67- 167 square meters, in addition to 5 commercial units.

The project contains 1+1 and 3+1 flat plans which can be used as homes or home offices.

The project features modern architecture and panoramic sea views with superb social facilities.

Project Site

The project is located in the Kartal district, on the Asian side of Istanbul.

The project designed in Kartal's most advantageous location, at the crossroads of metro-bus lines transfer station and highways. The project is right next to Soğanlık Metro Station.
