Project Overview

A new housing concept is being established in Istanbul. In the project that will present the most special life of Ispartakule to you, there are different types of living spaces appealing to every taste.

In this project, you will have the choice of housing from 1+1 to 4+1.

You will live a fabulous life with your loved ones in flats where you will feel comfort in every corner.

Project

Overview

You will experience the happiest moments with your loved ones in the common terraces of the project. You will dream of every shade of blue and feel the peace in its purest form.

You will enjoy privileges with the structure of the project designed with modern architecture, its blocks that blend its differences with aesthetics and its design that will not put any obstacle between you and the landscape.

You will make your life more colorful by embarking on new adventures in hobby areas with many different activity options.

With the friends and neighbors, you acquire in this complex, you will reveal your hidden talents, whether in outdoor hobby areas or in closed activity rooms.

The green areas around the lake, where we can spend time with pleasure, offer the beauties of nature to Istanbul residents.

You will forget all the tiredness of the day in the carefully arranged landscape areas in the project.

Project

Overview

You will add vitality to your life with sports activities that you will perform in company with fresh air.

In the open-air sports areas surrounded by green; both your soul and body will be refreshed.

Fitness and Pilates halls will add vitality and movement to your life.

All the tiredness of the day will leave its place to peace in the steam room, spa and sauna centers.

You will add vitality to your life with the comfort of hot water in the traditional and carefully designed Turkish Bath.

In the indoor swimming pool, you will enjoy while having fun with your loved ones.

Our playgrounds, where your children will run with joy, will be the center of memories that will make you smile.

Project Overview

The place of your vehicle will always be ready in open and closed car parks with private parking spaces for each flat.

The sections with charging stations for electric cars will bring the future of technology to your garage.

With the commercial units located on the main street, you will reach your every need instantly. These stores, are designed for you to find instant solutions to all your needs.

Project Site

The project locates in Ispartakule district on the European side of Istanbul, with a view of Kucukcekmece lake.

Your dreams come true in Ispartakule, where profitable investments turn into a lucrative future with its proximity to Istanbul Airport, its location at the intersection of connection roads and its neighborhood to Kanal Istanbul.

The project located in a point where blue and green dance in harmony, you will connect to every tone of life.

In this project, you will reach the point you want in the city in a short time and experience Istanbul as you wish.

The area of the project, which will become the new attraction center of trade, tourism and economy with the planned Kanal Istanbul, started to feel the effects of the new Bosphorus.

You will be close to Kucukcekmece lake, which is one of the life resources and one of the most visited natural areas of Istanbul.
