## Project Overview

Project area

106.000<sup>M<sup>2</sup></sup>

The project was built on an area of 106.000 square meters in Atakoy area, which is one of the most attractive areas of European Istanbul.

The project consists of 6 blocks with 1.500 residential, office and commercial units.

The project provides housing options ranging from 0+1 to 4+1 with areas ranging from 45 to 235 square meters.

This project is distinguished from other projects by its attractive designs, which provide a new living space near the city center.

Designed by HOK Washington, D.C. office by world-famous architectural firms, the project consists of different concepts that respond to the diverse requirements of students, young professionals, and families who has children, its privileged location that provides easy access to educational institutions, commercial centers and all areas of Istanbul.

## Project Site

The project is located in Atakoy area on the European side of Istanbul.

Atakoy, one of the oldest and most prestigious areas of Istanbul, is where the most modern and luxurious projects come together.

Luxury is reflected in Atakoy area with its offices, shops and residences.

It is located in the heart of the transportation network in Istanbul, where offices and residential complexes are at the easiest access point.
