Project

Overview

The project was built on 70.000 square meter land area. The project consists of 29 blocks, set on various existing site levels, giving each building beautiful views or a unique vibrancy, while endowing the whole development with a life-celebrating dynamic.

Project

Overview

Each building has been carefully placed in the most visible and prominent position. All buildings come with a variety of apartment sizes, to fit a range of space needs, from 3+1 to 5+1. All 406 apartments are consistent in their nature-inspired design, luxury interiors and essential features.

Project Site

The project is located in Uskudar area on the Asian side of Istanbul on one of the most special spots , where you will wake up to the deep blue Bosphorus view every day. It is located near to Fatih Sultan Mehmet Bridge and it is only 2.4 km away from the beach.

Project

Site

Uskudar is a favorite district for tourists, it has a beautiful sea side and it includes many touristic places such as Kiz Kulesi, Camlica Mosque, Camlica Tower and many other. Uskudar also contains many schools, universities, hospitals, shopping malls and other services and facilities.
