Project

Overview

The project is a wonderful architectural masterpiece and is considered one of the largest real estate projects established in the country, with a construction area of 15,671 square meters. It is located in Umraniye, one of the fastest developing areas in Istanbul.

Project

Overview

The area is also characterized by its buildings that are resistant to earthquakes and natural disasters.

Suryapi Exen Konaklari provides an integrated life between nature and modernity, as it consists of 8 buildings containing 191 apartments with different sizes and styles starting from 2 + 1 to 5 + 1, and green spaces occupy more than half of the project area.

Project Site

The project is characterized by a strategic geographical location in the Asian section of Istanbul in the urban area in Umraniye district, which is an area that is developing with clockwork in terms of architecture, investment, tourism and social.

Project Site

Your home will be close to the Sheila Highway, and this road passes in front of the project, just in close proximity to the M5 metro line
