Project Overview

New investment and residential project located in the heart of Istanbul in Kagithane area.
A project of two residential towers that combine modern designs with precision construction.
Each block consists of 8 floors, and the project contains 140 flats in both blocks.
The apartments types in the project are 1+1 and 2+1.
Located in the very heart of Istanbul, those brand-new properties are suitable for housing and investment.

Project

Overview

Fully equipped project with social facilities that ensure you and your family and loves ones enjoying your time while staying at your home.

The project offers views on the channel of kagithane and the forest.

These apartments are suitable for investment because we have high potential for capital appreciation.

The project is suitable for obtaining Turkish citizenship.

The title deed is ready and the delivery date of the apartment is December 2022.

The closest apartments to the center of Istanbul with affordable prices are waiting for you in this project.

We offer flexible payment plans, cash or installment for 12 months.

Project Site

The project located on the European side of Istanbul, in Kagithane area, the new destination for investors.

Kagithane is one of the most important areas that attract real estate investors due to its central location in the heart of Istanbul.

Kagithane is characterized by the availability of main services and the availability of public transportation.

The project is characterized by its proximity to universities and educational institutions.

A lot of international schools, universities and hospitals around the project.

The tramway (T7) is just 10 minutes away from the project, and the bus station located just in front of it.
