Project Overview

In this project, your address will be your prestige.

With its glamorous architecture, the project makes you feel the difference at first sight. The quality and comfort of the building invites you to both live in and have a profitable investment.

With its smart home system, the project makes life easier and offers you a safe life. Thanks to the smart home system, the lights you forgot when you were out, the iron you forgot in the socket or the food forgotten in the oven is no more a problem for you.

With its smart home system, the project makes life easier and offers you a safe life. Thanks to the smart home system, the lights you forgot when you were out, the iron you forgot in the socket or the food forgotten in the oven is no more a problem for you.

In this project, we thought about every detail for the happiness of your whole family.

In this project, first-class materials are combined with a flawless and perfect craftsmanship.

Your living room, your kitchen, and your bathroom come to life with the most elegant reflections of comfort.

In 1+1 and 2+1 apartment types, products are encastered with armatures, where luxury and high-quality materials are used in the project in every corner from the cloakroom to the doors; it adds value to every moment of your life with the design of optimum life.

Project Site

The project located in 4 Levent district of Besiktas Municipality on the European side of Istanbul.

The location is very easy to access, as it is 300 meters inside, just behind the Sapphire mall.

In this project, we did not put any distance between you and life.

In this project, you will be close to everywhere. You can use the metro station which is a few steps from your house to get to the point of your choice in Istanbul, and you will have a comfortable breathing away from the traffic of Istanbul.
