Project

Overview

The project offers 576 residential and investment units, containing of 4 buildings each building 12 floors , from 1-bedroom apartments up to 3-bedroom apartments, giving it family concept.

Project

Overview

The project's services are very professional and befitting the high standards of the area, and the green spaces cover huge parts of the project's land, which greatly increased the aesthetics of the project.

The project is compatible with the conditions for obtaining Turkish citizenship, as it is for investment opportunity since it is currently under construction, so the prices will certainly be lower than it is upon delivery.

Project Site

The project is located in Zeytinburnu, on the European side of Istanbul, which is close to the city center and one of the most important main areas in the city.

The area is distinguished by its strategic location between Ataturk Airport and the old city center, as it combines ancient history, modernity, and development at the same time.

Project Site

The project is located near the E5 road, which in turn provides the opportunity to reach all connected roads. there are also many public transportation facilities around and it is only 3 minutes away from Zeytinburnu metro and tram stations.
