Project

Overview

35,100 m²

This project is built on a 35,100 square meters area, it consists of three towers, 10 floors each.. Two residential towers, including apartments from 2 bedrooms up to 3 bedrooms, while the third tower is a commercial one that includes offices and is six floors high.

Project Overview

The project is completely adjacent to the E5 highway, which is considered the main vein of Istanbul. This project is considered an investment as it is surrounded by a large number of service centers and commercial malls, the most important of which is Marmara Park Mall, Perla Vista Mall, also many hospitals such as Beylikduzu Governmental Hospital, Medicana Hospital, and MedLife Hospital.

Project Site

The project is located on the European side of Istanbul, specifically in the Beylikduzu district, which is considered the new civilized interface of the city of Istanbul

Project

Site

With its wonderful coast on the Marmara Sea, in addition to its integrated transportation lines, its wide streets and trees spread throughout it in the European style, and a modern infrastructure that makes it in the ranks of Areas that are being raced for housing or real estate investment.
