Project Overview

Project area
850 M²

It is a residential and investment project that built on a land area of 850 square meters.

The project consists of a single block of 13 floors that contains 114 residences.

The project offers apartment options of 1+1 and 2+1 types with areas of 42- 94 square meters.

The project developed by a well-known construction company in Turkey, and it will be delivered in May 2021.

Project Site

The project is located on the European side of Istanbul in the Kagithane area, one of the fastest-growing areas in the city. Kagithane area is considered as one of the most important areas that attract real estate investors due to its central location in the heart of Istanbul. Kagithane area is located near Taksim Square and Levent, and it is close to shopping malls, the fast side, and Istanbul's third airport. Kagithane area is characterized by the availability of major services and the availability of public transportation. Kagithane area is located in the center of Istanbul, where it is located on the new airport road, and it includes a number of newly opened universities, which gives the project an important investment. There are two metro lines that lead to the Kagithane area. The project is located near hospitals, universities, and schools.
