Project

Overview

This new project is the real experience of Istanbul in Eyüpsultan district. The project features a distinctive view of the Golden Horn. In this project, we are working to turn a dream into reality. The integrated city we longed for has become existing in this project.

Project

Overview

This project is being built on a land area of 31,536 square meters. The total construction volume of the project, which includes 603 residences, will exceed 100 thousand square meters.

It contains 20 apartments 5 + 1 and 150 apartments 3 + 1 and 268, 2 + 1 and 165, 1 + 1. An area of 15,000 square meters was allocated for natural spaces in front of vehicle entrances.

Project Site

The project is located in Eyüpsultan district of European Istanbul. This area is characterized by its proximity to the city center and its proximity to Al-Fateh, Sisli and Al-Maslak, and this is what gave it an important value in real estate investments.

Project

Site

This area is also famous with its archaeological and tourist attractions, and it also includes a number of major shopping centers, international shops, cafes and restaurants, where you can enjoy life in this lively area.
