Project

Overview

The project is located in Topkapi, one of the oldest and most vibrant areas in Istanbul, and its value is constantly increasing as it is located in the city center.

This project represents the latest example of combining the aesthetic dimension with the perfect architectural design to offer you a luxurious life.

Project

Overview

Within this project, you can enjoy an apartment that is undergoing to the latest construction technology and the latest developments in this field, with the use of high-quality building materials, and this will be evident in every detail in the apartment.

The project presents a building with a height of 9 floors, containing 54 apartments and 11 commercial units, with first-class services and facilities, and apartment options from 1 + 2 to 1 + 3.

Project Site

The project is located in the Topkapi area, which is considered one of the most important historical and living areas in Istanbul, as it is rich in archaeological and tourist attractions. You will enjoy living in an apartment just steps away from the highway and main roads of the city.

Project

Site

The region is rich in all kinds of transportation, the most important of which is the Metrobus station, as it is the fastest means of transportation, as well as the most popular commercial malls such as Forum Istanbul, plus, its proximity to many universities and also its proximity to the highway E5, this gives this project an increased investment value.
