Project Overview

- The project is located in the heart of Maslak, a central business and investment hub. This architectural marvel boasts breathtaking 360-degree panoramic views encompassing the Bosphorus, three bridges, and the city skyline.
- Last skyscraper project in Istanbul is being built on a land area of 11,067 square meters. This development features 9 basement floors + ground floor + 39 floors.
- The project caters to various lifestyles, offering a range of housing units from 1+1, 2+1 to 3+1 with independent entrances, exits, and activity areas.

Project Overview

- It is made of Turkey's strongest concrete (C50) and steel and it is the only residence with an infinity pool
- It is a housing and investment project developed by a well-known construction company in Turkey.
- The project that received the «Best mixed use development Turkey» award
- Delivery date: Aug 2025

Project Site

- The project sits in the heart of Istanbul's dynamic business district, offering easy access to corporations, co-working spaces, upscale restaurants, major transportation (Büyükdere Road), stunning Bosphorus views, historical sites, universities, hospitals, and shopping centers.
- This project is not only an exceptional living space but also presents an ideal investment opportunity, making it suitable for those seeking Turkish citizenship through the investment program.

Why Live In This Project?

- Nestled between the lush Belgrade Forest and the captivating Bosphorus strait, it offers a unique vantage point and an exceptional climate. Enjoy breathtaking views and a serene atmosphere, making every day a delightful experience.
- Experience the luxury of spacious living with high ceilings that elevate your comfort to new heights. Embrace a sense of grandeur and openness, making every moment spent in this project a true indulgence.
- Indulge in a lifestyle beyond compare with exclusive amenities atop this project. From the opulent 360-degree 'Michelin Star' restaurant to the lavish lounge, panoramic terrace boasting breathtaking views, and infinity pool, every detail is designed to redefine your living experience. Welcome to a life of unparalleled luxury and sophistication.
- Seamless access to key city destinations makes this project an ideal choice for living. With the convenience of being just 500 meters from the ITU Metro Station, complete with a dedicated pathway from within the project, commuting is effortless. Plus, its proximity to shopping centers, hospitals, and prominent universities ensures all your lifestyle needs are met within minutes. Experience the epitome of urban convenience and comfort.

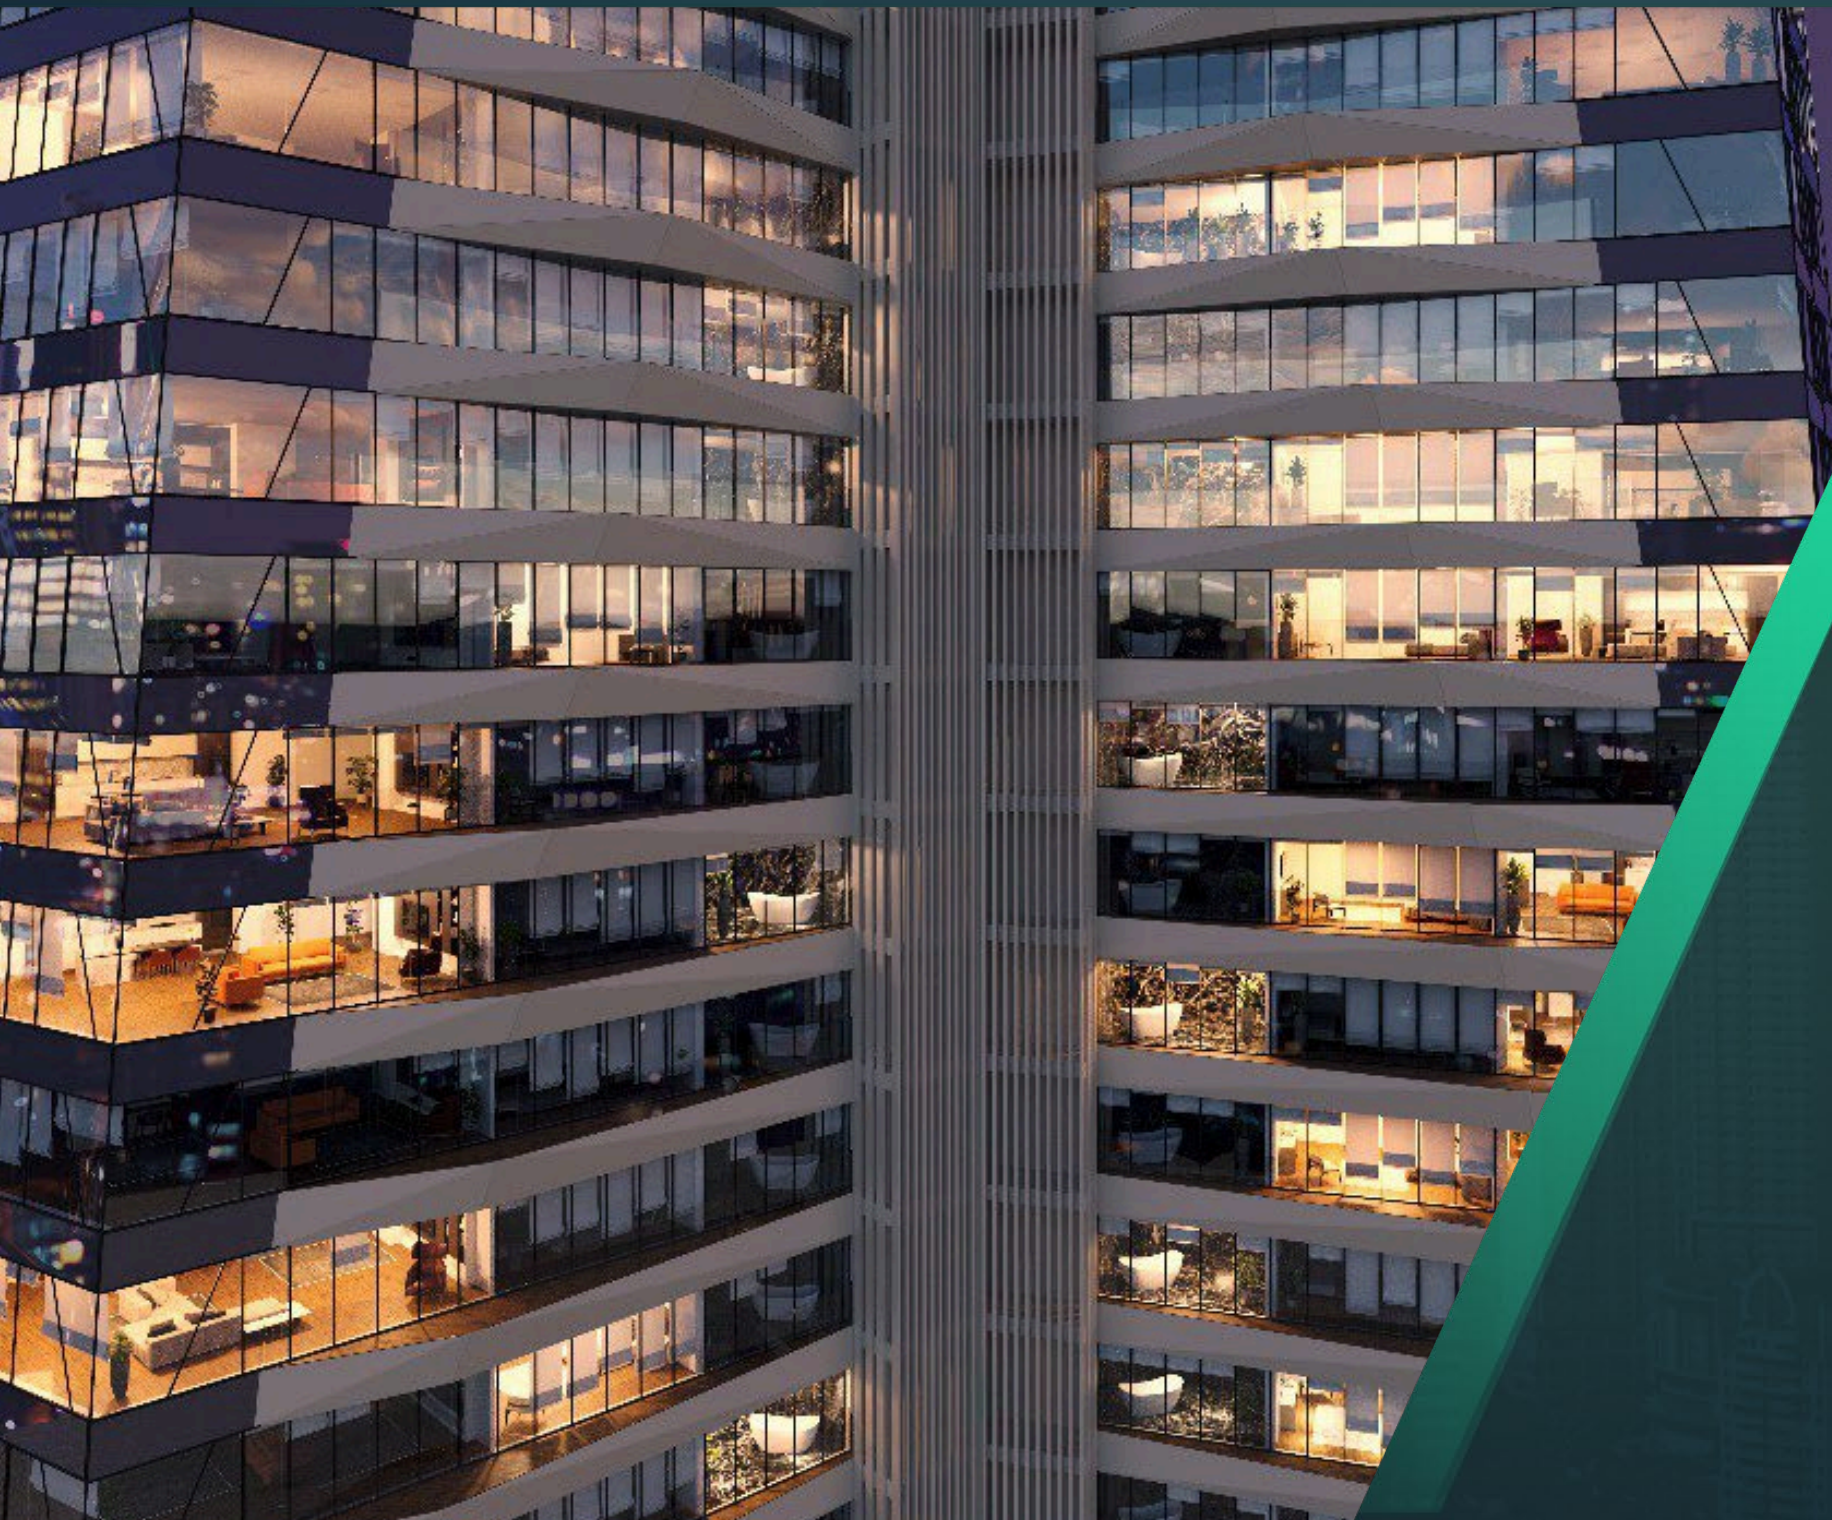

Why Invest In This Project?

- The project's unique features, including its 360-degree panoramic view, stunning vistas of the Bosphorus and its three iconic bridges, and an infinity pool, not only distinguish it but also guarantee ease of resale—a pivotal factor in investment decisions. Embrace the assurance of a valuable investment with unparalleled appeal and potential for growth.
- The project's prime location within a neighborhood housing the most significant commercial buildings significantly enhances its investment value. Positioned amidst such commercial prominence, it presents a unique opportunity for investors seeking exponential returns. Invest wisely and capitalize on the strategic advantage this location offers.
- Enjoy unparalleled convenience with direct access to the subway from within the project. This seamless connectivity enhances the project's appeal, making it an attractive investment opportunity for those seeking ease of access and potential for long-term growth.
- The reputable construction company behind the project instills confidence with its track record of timely delivery and utilization of premium materials in the units. With the incorporation of the strongest Turkish concrete (C50) in the structure, the project boasts earthquake resistance, thereby enhancing its value and appeal to investors. Invest with peace of mind in a project built to withstand the test of time.
